

Bentley's Rags Sales Agreement

Bentley's Rags are really Tim and Dottie's pets. We strongly believe in a small breeding program that promotes the quality and love of the breed. All of our kittens are raised in our home. Babies have been spoiled from the moment they were born. Below is our sales agreement which outlines our health/genetic guarantee.

Your kitten is guaranteed to be in good health at the time of Adoption. For the protection of the buyer and the seller, we strongly suggest that the kitten be examined by a licensed veterinarian within 48 hours of receiving the kitten. If the kitten is found to be in unacceptable health by a licensed veterinarian within 48 hours of receiving the kitten, the kitten will be exchanged for another kitten of the same quality when one is available. If the kitten is not examined by a licensed veterinarian within 48 hours of purchase, no guarantee is made and no exchange will be accepted. We will require a copy of your kittens initial health report dated and signed by your veterinarian, if an exchange is needed. Please note that we do not refund money - but we do exchange for another kitten if the need arises.

The above had to be stated for your protection and ours. Please know that we take every precaution to ensure that your new kitten is healthy. The kitten has been vaccinated with Rhinotracheitis, Calicivirus, Panleukopenia and Chlamydia beginning at 8 weeks of age. He/she has been wormed on a regular schedule beginning at approximately 6 weeks of age. We cannot guarantee your kittens breeding capacities, temperament or actual adult weight.

We encourage you to not expose your new kitten to any public areas outside of your home. Once your kitten leaves our home, we are not responsible for any communicable diseases obtained. Please keep your kitten in your home for two weeks after his/her last vaccination. So that he/she will be completely protected.

We guarantee your kitten against any genetic conditions (heart, lung, liver) for one year with proof from veterinarian. If the kitten is found to have a hereditary condition, he/she will be replaced as soon as one of the same sex and quality is available. You, the buyer, will be responsible for any shipping costs, if applicable. If you decide to keep the kitten, all medical bills will be your responsibility.

I, the buyer, accept the above sales agreement. I also agree to continue the spoiling, pampering and care my new kitten has had since birth.
